

## Something to Think About

A father came home late one evening, exhausted. Heading for the easy chair, he picked up the evening paper, looking forward to a few moments' rest. No sooner had he hit the chair than his young son joined the newspaper in his lap. "Can we play, Dad?"

The father loved his son very much but really felt he needed some time alone. Noticing a picture in the paper that evening from a recent moon probe, he came up with a plan. It was a photo of the earth, taken from the moon. He cut the picture out and then cut it into small pieces, creating an instant jigsaw puzzle. Almost all the pieces looked alike. He encouraged his son to take it to his room with some tape and put the earth back together again.

The father was satisfied that he would have more than enough time to relax. He was quite surprised to see his son appear about ten minutes later -- with the photograph of the earth intact.

"How did you do that so quickly?" he asked. "It was easy, dad," the boy replied. "There was a picture of a man on the back -- and when I put the man together, the world came together."

## **It's Time to Restart!**

A year has passed under the shadow of the pandemic. Now that so many have received their vaccinations, and the number of active covid-19 cases has dwindled in our community, it's time to start-up our activities again.

**Next Sunday, April 3<sup>rd</sup>, is Easter! Can you think of a better time to resurrect our programs?**

In person Bible Classes will resume at 10:00 for both children and adults! Pete and Penelope will be back at 10:00 followed by children's classes. At 10:00, for the adult class,

At 11:00, we'll worship. You are welcome to use your discretion regarding wearing a mask, but we will still socially distance by only sitting every other row. We'll continue to use the individual communion sets during the Lord's Supper.

Our singing will be live as well as our worship. We will continue to broadcast our services for those who can't attend.
