## From The Elders at the St. John Church of Christ

In our church family, one of the most important age groups we should take extra care of are the children. Jesus instructed his disciples about this in Mt. 19:13-14. This is where he took the time out of His schedule for the children. In Mt. 18:2-6 He uses a small child as an example for us.

Last week there were 14 in the two children's classes and the last time we had that many was probably at VBS. Parents, that was fantastic! We commend you for your efforts!

There is nothing more important that a parent can give their children than to teach them to love God and to follow His will.

The future of the Church family are the young people. We older folks will leave you behind one of these days. Prepare yourselves and also your children now, so you can carry on in glorifying God and bringing others to love Him and live for Him.

Church, we want to do everything we can to help you. If there are things you need that we can do, let us know.

We encourage everyone to talk to and encourage others to attend our worship services and our Bible classes. If each one calls or talks to someone and prays for them, it will make a difference. If you have problems, talk to us about them. Maybe we can fix them and we can for sure pray about them.

We pray for all the Church and encourage each of you to pray for all those from the very young to the very old, in special ways.

God Bless Each One of You!
