From The Elders at the St John Church of Christ

God could easily amaze us with loud, imposing demonstrations of His power, but most of the time, He doesn't. Instead, He whispers gently, quietly, softly. Perhaps this is because He knows that in our chaotic world, what we need the most from Him is peace and He doesn't want to force it upon us. He speaks to those who sincerely want to hear – who make the effort to hear. That takes great effort on our part! It means striving to mute the noise in our lives, to clear the clutter from our minds, and negate the pride from our hearts while seeking sacred moments alone with the Lord. And remember, God doesn't work on our time schedule. We must learn to wait and listen and submit to His will.

“And we know that in all things God works for the good of those who love Him, who have been called according to His purpose.” - Romans 8:28

Today is a new day. Zeb is with us. Let us all make him and his family welcome. Let's do great things together with God's help. Bless you all and may you feel His presence in your life every day!!!!
