From The Elders at the St John Church of Christ

It is easy for our prayers to become a list of requests, like putting in an order for our needs which sometimes are probably wants. What could happen if instead, we saw prayer as a chance to express thanks to our awesome God? Of course, the great God of the Universe wants to bless us, and He invites us to ask, seek, and knock. Though it is also true that one of the greatest blessings He offers is the peace and perspective that fill our souls when we live in thanksgiving each day. Count your blessings. The snow we had this past week is the most snow (6-8") and the wettest snow with no wind that we have had in a very long time. It may well have made the difference in the wheat crop which needed the moisture and the protection from the cold Monday night. This kind of snow is also one of the best sources of natural nitrogen. The snow was a blessing to this farming community that you probably could not begin to put a dollar figure on, all crops, grass and trees. Hopefully we have all taken the time to thank God several times for this beautiful snow. God is good. All the time. God is good!!! We count all of you a blessing. Our church family is a blessing to us all. We love you all. Have a blessed week ahead! - The Elders
