From The Elders at the St John Church of Christ

The more we look for God's beautiful blessings and minute miracles in our lives, the more we will see them – and the more we will want to keep looking for them. Imagine the joy and peace that will come as we resolve to see God's hand in our everyday lives each and every day. Have you seen and appreciated the beautiful sunrises and sunsets we have had the past several months. When did you see more beautiful snow than the 5-6-7-8 or 8+ inch snow we received – wet, no wind, laid flat on the ground? Wow!! How about the beauty of a pheasant, or a duck, or a quail, or a deer, there is no end to the beauty around us every day! They are all blessings from God. He could have made these things around us drab and not unique. But He chose to make them beautiful. Right now it is getting close to calving time for many farmers that have a cow herd. The birth of a newborn calf is a miracle that I will never outgrow appreciating. The calf will usually be born with no help. Mama cow knows to lick him off. It is usually cold and the calf is up in about 15 minutes and sucking his mama in another 15 minutes. It will also be running by the next day and giving his or her mama grief because it won't stay right by her side. And the birth of a foal is even a step higher in the miracle range - amazing! Wow! God is amazing!!!!!! God is GOOD!!!! God bless you all throughout this week. Don't forget to look for His blessings all around you. Even in difficult times you can see Him working and see His blessings. Have a good week. - The Elders
