## From The Elders at the St John Church of Christ

As a church family, we know many people and if each one of us would talk about Christ to just one person that is outside of Christ each week, we could plant a lot of seeds. All that seed might not sprout, some might not grow after it sprouted, but some would sprout, grow, and make seeds. We don't get to “run the combine”, just the planter.

Are you watching for opportunities to plant seed? Some will die, some will be choked out by outside influences, some will grow and produce a crop, maybe 100 fold. When we sow a seed, put it in God's hands then watch God graciously and mercifully send the miracle that we need based on our faith. The Word of God is a seed that comes into our heart and causes faith to grow. It develops a spiritual force in the heart or spirit of man, called faith.

When you allow the Word of God in the midst of your heart and you meditate day and night that Word – that Word becomes as planted in your heart and will guide your life.

We have quite a few folks who need our prayers. Some are sick, some are in the hospital, some are hurting, some are traveling – we all need prayers and it is good to just pray for folks because you love them and want God to bless them. Have a good week and may you feel God's loving arms around you.. - The Elders
