From The Elders at the St John Church of Christ

To the Mothers in our midst – HAPPY MOTHERS DAY!!!!

We all spend a lot of time out in public interacting with the people around us. As a Christian, we represent the church in how we talk, how we act, how we present ourselves, and so on. We have a responsibility to represent God's church (people) in a positive way. Col. 4:5-6 gives us advice on how to do just that. “Conduct yourself with wisdom in your interactions with outsiders (non-believers); and make the most of each opportunity, (treating it as something precious). Let your speech at all times be gracious and pleasant, seasoned with salt, so that you will know how to answer each one (who questions you).” We should watch for opportunities to outwardly give God credit for good and/or beautiful things. You might plant a seed that would sprout and grow. Remember, our job is to plant seeds and not necessarily to run the combine. Sometimes we have to give people time to grow but watch for opportunities to point them toward God. May God bless you in the week ahead and also, maybe we could all try to point someone toward God this week and ask for His blessings upon our efforts. - The Elders
