From The Elders at the St John Church of Christ

With each sunrise we are gifted more of life's path to travel, more opportunities, more chances to look for good in others and more ways to live life with gratitude and honor. Count your blessings and be a blessing to someone else each day. If you are not happy, counting your blessings should help. Our recent rains are a huge blessing. To me, living in this part of the country is a huge blessing. This church family is a huge blessing, and I could go on and on – I thank God for these blessings and others each day. The young adults in our church family are a huge blessing and their effort and success of our VBS this year was proof of that. Thank you to each one of you. You did a great job. God Bless you all, remember, you are the future of this church. Raise your children up to love God and help others to bring their children to learn about God, so they can learn to love Him too. Have a blessed week. Enjoy the beauty God has blessed us with. - The Elders
