For The Church

Signs of spring are visible and becoming more numerous each day. All of us probably has a favorite flower or tree we're looking forward to seeing burst forth with colorful blooms. I'm thrilled to see bees coming from the hives securing early pollen and nectar from trees. I'm anxious for blooms to open and fruit to set on my fruit trees and berries, for grasslands to turn green and lush providing food for livestock and wildlife.

This reminds me of how the nation of Israel must have anticipated the land promised which flowed with milk and honey. We know that God kept his promises and his word to this nation. They inherited and were given a land that was beautiful and special. As spring provides a beautiful and colorful scented world for us to enjoy, it reminds me of the promise our father has made to us. He has promised a beautiful place called heaven. A place he has prepared that will not have death, decay, tears of sorrow, or loss but a place of joy, happiness, and love. I'm thankful for that promise and confident that God has prepared a place for us.

As I walk through my garden this spring there is a little heaven under my feet which reminds me of the wonderful place God has promised. I hope that special tree or flower in your life reminds you of God's promise each day!
